NAR Online Orientation Modules

To help welcome you as a new REALTOR®, your Local REALTOR® Board has created an online orientation module to help familiarize you with the many tools and services available from your local, state and national association. These benefits are provided exclusively to REALTORS®.

As a REALTOR® member you have access to benefits including business tools to organize and grow your business, real estate market data to help you make informed decisions, educational opportunities to expand your knowledge, increase your network and better serve your clients, and discount programs designed to help you succeed in the real estate industry.

Select your state below to find your Local Board Orientation Module below.

Not all Local Boards offer an online Orientation module. If yours is not here please contact your Local Board directly to enquire about their local Orientation Program.
